# **Evaluation of Direct Enhancement Services**

#### **COMPREHENSIVE CONSUMER EDUCATION**

Describe how the Coalition developed, established, expanded, operated, and coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public to promote informed child care choices.

Childcare Resource and Referral services are offered to families that contact the Early Learning Coalition office. The information provided includes childcare listing, community resources, early learning programs, and consumer education. ELCIRMO provides information to families and providers via phone, email, newsletters, in person, and by social media. Additionally, the Coalition provides information to parents, families, and the community during outreach events in each county.

#### **PROVIDER FINANCIAL SUPPORTS**

Provide a list of grants and financial supports (for example, awards or bonuses) offered to school readiness program providers and their staff to assist them in meeting applicable state requirements for the program assessment required under s. 1002.82(2)(n), child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing continued professional learning and training.

Include the qualifying criteria to receive grants and financial supports and related monitoring activities to verify appropriate use of support.

No CCFD funds were used due to ARPA funding in fiscal year 2023-2024. Through ARPA, providers were eligible to participate in professional development and receive substantial stipends. Funding was supplied to providers to meet the VPK instructor hourly wage of \$15. See ARPA attachment.

## TRAINING AND TECHNICAL ASSISTANCE

Provide a list and description of trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in each of the following areas.

Please note ARPA funded trainings for providers are listed in the ARPA attachment.

## Early Learning Standards

Quality Specialists conduct initial visits with each School Readiness provider to review SR related requirements, clarify misconceptions, and inquire about specific needs of each provider. There were 91 initial visits conducted. ELCIRMO Staff provided trainings involving the Florida Early Learning and Developmental Standards to numerous providers. Coalition staff also supported several parent involvement events at centers that provided education on the Early Learning

Standards. Quality Specialists and Early Childhood Specialists provided administrative training support targeting sites with high staff turnover in effort to support and retain teachers. Quality Specialists and Early Childhood Specialists also provided site-based professional development focused on understanding, planning, and implementing teaching strategies based on the Florida Early Learning and Developmental Standards. Staff provided technical assistance to providers in regards to lesson planning with standards.

\*Insert ARPA PD opportunities

# Child Screenings

The Provider Services team delivered technical assistance regarding developmental screenings and child assessments. Providers and parents completed 564 ASQs (Ages and Stages Questionnaire). Staff provided support on completing and analyzing these screenings on-site with providers and teachers, via virtual meetings, phone calls and emails with parents, directors and teachers. Significant attention was given to ensure sufficient follow-up in the event of rescreens as well as supporting the referral process, as applicable. Additional assistance was provided to directors regarding adding the screenings to the Portal. Quality Specialists and Inclusion Coordinator communicated the developmental screening process to parents on site visits, over the phone, through email, outreach events, and Warmline inquiries. Additional support provided as needed or requested to providers and families.

#### Child Assessments

Teaching Strategies Gold is the child assessment system that providers may elect to participate and receive a differential reimbursement as an incentive. This assessment occurs three times throughout the school year. Quality Specialists provided on site assistance to the six participating providers related to delivering the assessment, navigating the software, analyzing the data findings and any additional requests. ELCIRMO employees received a virtual training on Teaching Strategies Gold, enabling the delivery of more comprehensive support to childcare centers.

#### Child Development Research and Best Practices

Fifteen Provider Meetings were held by the Coalition across three counties during the 23-24 fiscal year. Child development research and best practices were addressed in all of the meetings, including distribution of materials to support best practices.

Two sites in Martin County successfully completed the Anita Zucker Practice Based Coaching program through University of Florida, supported by our VPK Regional Facilitator and a Quality Specialist. The targeted goal for one site was improving practices to raise CLASS (Classroom Assessment Scoring System) scores, and the second site was focused on raising the FAST Star Early Literacy child assessment scores. Both sites showed increases and improvements as a result of the coaching program.

Early Childhood Specialists worked with VPK classes in all 3 school districts to provide training and professional development around research based best practices in child development. The Early Childhood Specialists also delivered best practice coaching to private providers in all three counties during Fiscal Year 2023-2024.

The coalition promoted the New Worlds Reading Initiative by encouraging providers to enroll families in the program, which provides books to VPK students who are not yet meeting age-appropriate standards according to FAST Star Early Literacy. A representative from New Worlds Reading attended provider meetings to describe the program, it's benefits and guide directors through the enrollment process in order to assist their families.

#### Developmentally Appropriate Curricula and Character Development

The majority of SR and VPK providers use the Frog Street curriculum, which staff have been trained to use and support. Embedded within Frog Street is a character development component, Conscious Discipline. Staff have also received many trainings with Conscious Discipline and are well equipped to provide support to centers as needed. Quality Specialists conducted initial visits to contracted providers to review appropriate use of and adherence to approved curricula during the first quarter. The Coalition conducted 60 School Readiness Monitoring visits based on 97 contracted SR sites as well as 57 VPK Monitoring visits based on 93 contracted VPK providers. Curriculum and character development are components of this monitoring process. Curriculum Monitoring was conducted routinely in the fourth quarter by Quality Specialists. Technical assistance site visits were conducted regularly across all four quarters to support developmentally appropriate curriculum use and character development, as requested.

#### Teacher-Child Interactions

The Coalition utilizes the CLASS (Classroom Assessment Scoring System) tool to measure the quality of teacher-child interactions. Coalition staff conducted many mock CLASS observations to provide feedback and strategies to teachers on areas of strength and opportunities for growth. Mock observations and reviews were conducted by Early Childhood Specialists and Quality Specialists as part of coaching initiatives and as requested by providers to improve interactions, resulting in increases to composite scores on Program Assessments. Staff provided site-based training sessions divided by age level served (Infant, Toddler, or PreK). Coalition staff also provided site based, CLASS targeted coaching and support to VPK classes in all 3 school districts served, as well as the majority of contracted private providers. Contracted sites with new staff, and/or composite CLASS scores between 3-5 were prioritized for coaching and training support. Additional technical assistance visits were provided through the Children's Services Council of Martin County (CSCMC)-funded Coaching program.

\*Many CLASS professional development opportunities were provided to directors and teachers through ARPA initiatives, and included completion stipends. See ARPA attachment.

#### Age-Appropriate Discipline Practices

Quality Specialists addressed appropriate discipline practices during routine initial visits and provided support as requested. The Coalition staff supported several sites utilizing the Pyramid Model as well as Conscious Discipline. The Inclusion Coordinator addressed 396 requests for behavioral, social-emotional and self-regulation research and strategies during on site visits, through email and phone calls with providers and families. Quality Specialists delivered "Starting Your Classroom in the New Year with Effective Practices" training to providers, addressing classroom and behavior management.

#### Health and Safety

Staff conducted onsite visits, and follow-up as needed, in response to DCF violations. The director of Provider Services addressed the new Health and Safety requirement for all staff at provider meetings, and Quality Specialists distributed enrollment information via email and site visits. Additionally, providers were encouraged to participate in dental cleaning visits and outreach available through the Department of Health.

#### Nutrition

ELCIRMO hosted a Go NAPSACC (Go Nutrition and Physical Activity Self Assessment for Child Care) representative at Provider Meetings to discuss the initiative, share health-related statistics for children, explain benefits of the program, and encourage participation.

First Aid

None

Cardiopulmonary Resuscitation

None

Recognition of Communicable Diseases

Quality Specialists provided one on one support to a site with an outbreak of impetigo, and shared recommendations from the Department of Health.

Child Abuse Detection, Prevention and Reporting

During routine initial visits with providers, Quality Specialists reviewed the Mandatory Reporter rule with directors. When available, a DCF representative attended Provider Meetings to relay updates and answer questions from providers.

#### **QUALITY ACTIVITIES FOR INFANT AND TODDLER CARE**

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

The Provider Services and Early Childhood Specialist teams conducted frequent classroom walk-throughs dedicated to monitoring and supporting best practices for infants and toddlers. Staff utilized infant and toddler teachers' program assessment CLASS reports to highlight strengths and plan growth opportunities as applicable. Coalition staff recertified and calibrated as CLASS Observers for Infant and Toddler age levels to maintain reliability with the assessment tool.

The coalition had a Quality Specialist serve as an Infant/Toddler representative which involved attending monthly meetings focused on infant/toddler care and best practices. The strategies and research were shared with team members at department meetings on a regular basis.

Through the Children's Services Council of Martin County, the coalition was able to provide two coaches dedicated to Infant and Toddler age levels. These coaches provided intensive, consistent weekly coaching to 16 Infant/Toddler teachers throughout the school year. All teachers showed an

increase in Early Language Support as measured by the CLASS tool as a result of the coaching program.

\*Additionally, the coalition offered Conscious Discipline Baby Doll Circle time trainings to Infant and Toddler teachers through ARPA. The coaches supported the implementation of this curriculum following the training.

#### **MONITORING**

Describe the process for monitoring compliance with, and enforcement of, applicable state and local requirements.

During FY 2023-2024, ELCIRMO contracted with 97 School Readiness sites. In accordance with the Statewide School Readiness Provider Contract Monitoring Tool — Attachment B, we met, and exceeded, the minimum required number of sites monitored. The coalition monitored 60 sites, which exceeds the minimum sample size of 58 per 100 providers. If compliance adherence was found as an issue during monitoring, technical assistance and follow-up were provided to ensure compliance was met. ELCIRMO contracted with 93 VPK provider sites, and monitored 57 sites, which exceeds the minimum sample size (56) required as outlined in Florida Department of Education Division of Early Learning Program Guidance 530.05.

#### **INCLUSION**

Describe the activities the coalition has implemented to promote inclusive child care, including responding to Warm-Line requests by providers and parents, and providing developmental and health screenings to school readiness program children.

The Coalition promoted inclusive childcare through the Inclusion Coordinator, who responded to 1,415 Warm-Line requests as well as completing 67 referrals to other agencies. The Inclusion Coordinator conducted 492 technical assistance meetings regarding child screenings and assessments, including ASQs. Staff consistently reviewed completed screenings, providing strategies and interventions to assist teachers and parents with children that scored within areas of concern. The Inclusion Coordinator provided assistance in administering, reviewing, and rescreening ASQ 3s and ASQ SEs. Observations were conducted by the Inclusion Coordinator as needed.

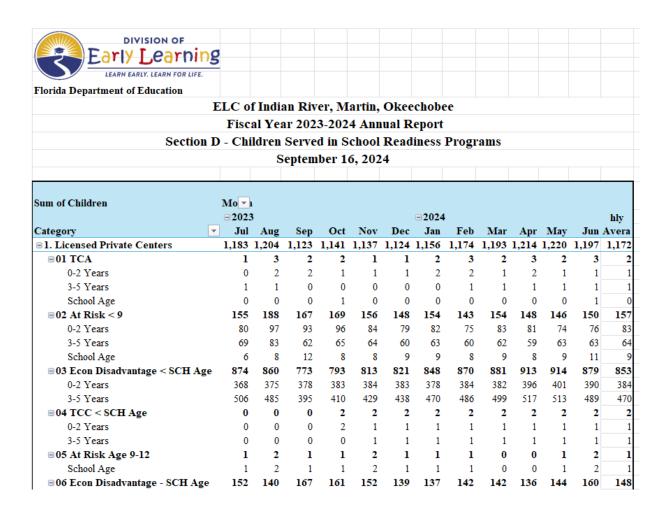

Warm-Line and referral information was shared at provider meetings, as well as distributing Warm-line flyers to attendees. Many providers display the Warm-Line flyer in the office or beside parent sign-in/sign-out logs. The Inclusion Coordinator, Quality Specialists, and Director of Provider Services collaborated to support providers with the Special Needs matrix when requested.

### Supplemental Information

#### STABILIZATION FUNDS

During the 2023-24 fiscal year, the ELCIRMO distributed ARPA Stabilization Grants totaling \$1,964,875 to 52 providers. These funds were designed to help providers with daily costs and to compensate for lost revenue due to Covid-19.

#### **WORKFORCE GRANTS**

In fiscal year 2023-2024 the coalition participated in a series of workforce grants designed to both increase the quality and the quantity of instructors at childcare providers.

# **Professional Development Training/Grant Descriptions**

**Art of Conversation:** Offered as part of "Starting Your Teaching Journey" series. Participants learn best practices in conducting professional conversations with parents, coworkers and other agencies.

**Baby Doll Circle Time:** Baby Doll Circle Time is a Conscious Discipline revolutionary approach that strengthens attachment, attunement and social play without increasing staff burdens or staff numbers.

**Business Leadership Institute:** The Business & Leadership Institute for Early Learning (BLI) is committed to building a platform where private and public business leaders, public policy decision makers, and early learning childcare center and home based business owners, operators and educators gather and explore the business of the childcare industry and its ability to provide quality early learning given the current industry climate, the struggle for profitability within socio-economic realities and the independent center and home based owners' business acumen.

**CLASS Foundation**: A series of courses was offered at both the Infant/Toddler level and Pre-K level. Completion of a minimum number of hours of in either one of these tracks resulted in a \$600 stipend. 125 teachers completed these courses for a total of \$75,000.

**CLASS Group Coaching:** CLASS Group Coaching is a 12-week coach training and teacher professional development program designed to help teachers improve their quality of teaching.

**CLASS Observer Certification** – We offered courses to childcare directors and owners on CLASS observation. Individuals could take Infant, Toddler, or Pre-K courses and received \$800 for each of the first 2 courses they completed and an additional \$400 for passing the related exam. 89 individuals received this stipend for a total of \$83,600, with 6 directors completing 2 or more courses. A CLASS observer attends a two day training and is then

eligible to take the reliability testing. If certified, the observer is reliable to collect CLASS data in a classroom setting for the designated age level (Infant, Toddler or PreK).

**Classroom Basics:** Offered as part of "Starting Your Teaching Journey" series. Participants learn best practices in successful early childhood education and developmentally appropriate practices.

**Classroom Management:** Offered as part of "Starting Your Teaching Journey" series. Participants learn best practices in managing early childhood classrooms, including positive behavior support.

**CPR:** Providers could elect to be reimbursed for staff CPR training from an approved vendor list.

**CQI:** Continuous Quality Improvement grants were offered to providers with a CLASS score of 5.0 or higher. These grants allowed the provider to customize a training course for staff with at least 24 hours of live instruction. Grants were \$19,800 each and we had 22 providers apply and qualify for a total of \$410,431.

**Child Success Grants:** Grants were offered to providers that scored below 5.0 to take group training with their directors and staff for stipends ranging from \$600 - \$800. 15 providers participated in the grant and awarded staff a total of \$76,800.

**Curriculum Grants:** Providers could elect to be reimbursed for purchasing approved curriculum. Publisher training was required to be provided for staff.

**Expand Your Center:** Approved applicant centers received funding to add capacity to their center, resulting in additional slots for children to be served across the 3 counties served.

**How to Obtain Your 45 Hours:** Offered as part of "Starting Your Teaching Journey" series. Participants learn the process of completing the required 45 hours of training as a childcare worker.

Intro to CLASS: Participants learn the basics of the CLASS instrument, domains and dimensions. This presentation is designed to help participants learn about effective teacher-child interactions, as defined by the CLASS tool, and the ways these interactions help children learn. This course is offered at 3 age levels, Infant, Toddler and PreK.

**Performance Bonus:** VPK Lead Teachers were eligible for a performance bonus if their CLASS Instructional Support domain score increased by .5 points or more compared to a previous assessment. If a teacher did not have a previous score, the minimum Instructional Support domain score must be 3.0 or higher.

**Recruit and Train** – New hire bonuses (\$500) and stipends for completing DCF Health and safety training (\$700). 98 instructors received these bonuses for a total of \$68,400.

**Sensory Island:** Participants learn about student sensory integration difficulties while competing in a variety of sensory based challenges with your team. This training is designed to be a tool to help participants understand the sensory systems and how to manage hypersensitivity or hyposensitivity to certain input. The training focuses on the child as a whole person as we explore sensory issues, sensory modulation, emotional modulation, and the relationship between the sensory and emotional systems and behavior.

**Stabilization and Classroom Materials Grant:** Approved applicant centers could receive a grant to provide stability in center through a variety of options and purchase classroom materials. A portion of the grant must have been allocated to staff retention/workforce initiatives.

**Upskilling:** Applicant received bonuses for completing continuing education courses, such as a GED, 45 hours, credentialing courses, college degrees, FCCPC, and/or Director Credential.

**Upskill Director:** Grants were offered to childcare directors to take a series of courses for a \$750 stipend. 24 directors participated for a total of \$18,000.
